### PROFESSIONAL SUMMARY

As a UX Designer, I bring 15+ years of experience in creating intuitive and visually appealing user interfaces that enhance the overall user experience. I have a strong understanding of user-centered design methodologies and can confidently lead UX research and usability testing to inform design decisions. My expertise in rapid prototyping, wireframing, and mockup tools allows me to quickly transform ideas into functional designs. I also have experience working collaboratively with cross-functional teams, including stakeholders, designers, and developers, to deliver successful outcomes. I'm committed to delivering designs that balance user needs with business goals, and I am passionate about creating meaningful and delightful experiences for users.

### SKILLS

**UI Designer / Interaction Designer / UX Designer** - Wireframes, Web analytics, User-Feedback, Surveys, Technical Specifications, Creative Briefs, Design Specs, Style Guides, Accessibility, Web Standards / Section 508 Compliance, Storyboarding, Design Concepts, Interaction Design, User Research, Design Research, Interviews & Surveys, Personas, Journey Mapping, Qualitative analysis, Data Visualization, and Iconography for Mobile, Desktop and Web Apps.
